Requested document(s): Under the right of access to documents provided for by the EU treaties, especially under article 1, paragraph 2 of the Treaty on European Union, as framed by Regulation 1049/2001, and considering the recent judgment of the General Court of the European Union of 22 March 2018 (Case T-540/15, Emilio De Capitani v European Parliament) I am requesting access to the documents authored by the Council or available to it, which contain the following information related to the current Trilogue negotiations (co-decision procedure) on the proposal for a regulation of the European Parliament and the Council on the conservation of fishery resources and the protection of marine ecosystems through technical measures (COM(2016)0134 – C8-0117/2016 – 2016/0074(COD)):
- the 4-column documents (describing the Commission's proposal, the Parliament's orientation, the amendments that might have been suggested by the Council internal bodies and, if existing, suggested draft compromises) submitted to the Trilogues for the current pending co-decision procedure.

If we may, we would like to insist on the pressing nature of our request, and we fear that a swift conclusion to Trilogue negotiations could occur without any possible public scrutiny.

Best regards
